OrthoCincy Relocates Anderson Township Physician Clinic and Physical Therapy Center

CINCINNATI, OH – OrthoCincy Orthopaedics & Sports Medicine is delighted to announce the relocation and opening of their Anderson Township office at 7910 Beechmont Ave., Cincinnati, OH 45255. OrthoCincy Anderson Township opened July 10, replacing the previous clinic location at 6620 Clough Pike and physical therapy location at 7753 Beechmont Ave.

This new, 24,000 sq. ft. facility was purposefully designed to enhance the patient experience -- comprehensive orthopaedic care, walk-in orthopaedic urgent care, physical therapy, occupational therapy, sports performance programs, imaging services – X-Ray and MRI.

The opening of this new facility represents OrthoCincy’s continued commitment to delivering superior orthopaedic and sports medicine services to the community.

“With the opening of this new location, we are providing a more convenient option while maintaining our service excellence,” said Nicholas Gates, MD, president of OrthoCincy. “We know how important ease of access is to our patients.”

OrthoCincy Anderson Township offers walk-in orthopaedic urgent care from 9 a.m. – 5 p.m. Beginning August 1, extended evening and Saturday hours will be added.

About OrthoCincy Orthopaedics & Sports Medicine

*OrthoCincy is the Tri-State’s only independent orthopaedic practice providing care at 13 convenient locations across Southwest Ohio, Northern Kentucky and Southeast Indiana. OrthoCincy, led by 45 board-certified/eligible physicians, offers comprehensive orthopaedic care, including sports medicine, physical therapy, walk-in urgent care, diagnostic imaging, regenerative medicine and surgical services. OrthoCincy also partners with more than 30 high schools and universities in the Tri-State to provide orthopaedic and sports medicine care.
